

Early Market Engagement for IFRAP Component-1 Irrigation & Roads Infrastructure Works

The Project Implementation Unit (PIU) Component-1 of IFRAP invites contractors, bidders, and service providers to participate in the Early Market Engagement (EME) for upcoming tenders under Component-1 of the IFRAP Project. This component includes the rehabilitation of dams, construction of flood protection embankments, and development of flood irrigation structures, as well as roads and bridges in flood-affected regions.

Objective:

To gather feedback on market capacity, technical specifications, and procurement approaches to ensure competitive and realistic tender processes.

Key Areas for Discussion:

- Project scope, and timelines
- Rate analysis of the current Market
- Risk management, delivery schedules, and payment terms
- Social, environmental, and safety framework (ESF, GBV, OHS)
- Logistics and material supply challenges in flood-affected areas

Details of Engagement:

- **Date:** 2nd of June 2026 at 11:30 am
- **Location:** At the Conference Room of PIU, Office # 10-A Opposite FIA Office, Service Road of Samungli Road, Jinnah Town Quetta
- **Online Participation via zoom id on:**

Microsoft Teams

Meeting ID: 467 435 156 060 17

Passcode: NV6Kj32K

Interested bidders and contractors are invited to visit the office on due date and time or may join online via above link.
